

Marine Corps League

24 March 2020

To: Northeast Division Membership
From: NEDVC Jim Powell

Subject: Ongoing Coronavirus 19 Crisis

As everyone knows we are in the middle of a health crisis here in the United States. New York, New Jersey and Pennsylvania have Shelter in Place orders and most activities including all Marine Corps League functions have been cancelled well into May at this point in time. The Northeast Division Conference scheduled for May 1st and 2nd is cancelled and will not be rescheduled this year. I will be corresponding with the Department Commandants in an ongoing basis as necessary. I will also be contacting those members that have send in registration forms to return any funds they paid.

The most important thing currently is the health and safety of our membership. Please make sure you take the proper precautions to insure you take care of yourself and your family. Please do not hesitate to contact me or your Department if you have any immediate needs. We will work together and try our best to meet the needs of our membership in this trying time.

Semper Fidelis,

A handwritten signature in purple ink that reads "Jim Powell".
